Discussion Guide:

- Go around the room, introduce yourselves, how many students you have, how long you have lived in the district, and share why you want to be on this committee.
- Share any thoughts you have if you have participated in a similar process.
- If the data and the community supported an option that redistricted your student(s) could you support it?
- After understanding the time commitment and the nature of the process, does anyone want to withdraw from sitting on the committee?
